

MEMORIAL TREE PROGRAM

The grounds of Woodlawn were originally designed with iconic and rare tree species that were laid out meticulously throughout the grounds among existing native trees. Over the years storms, insects, diseases, natural causes and old age have plagued the beautiful trees at an alarming rate.

In efforts to revitalize the inspiration behind calling the grounds "Woodlawn", the cemetery is reestablishing the Memorial Tree Program (MTP). The MTP offers you a special way to honor a loved one or friend. Dedicating a memorial tree honors your loved one while enhancing the aesthetics of the cemetery and represents the spirit of hope and renewal during difficult times, and are always a very special gift. As living tributes to friends and loved ones, these trees are a unique and symbolic memorial gift which will last for generations and benefit us all.

Choose from a select number of tree species that will enhance the beauty of the cemetery grounds.
